Subject: Follow-up from Trash Data Discussion
Attachments: DCW_2018-10-23 Letter to EPA Trash TMDL.PDF

Hi Phong,

Thank you so much for talking through the trash data with me earlier this week. I really appreciate hearing your thoughts and expertise and I'm grateful to have the trash workgroup's input throughout the TMDL development process.

As you requested, I've attached DC Water's comment letter that they sent to EPA during the trash data call. Also, could you please send me Dawn and Tia's contact info from Prince George's county? I will reach out to them for their trash data, and specifically their instream trash survey data.

As I learn more about how the West Coast MS4s actually implement the TMDL and demonstrate compliance, I will loop back with the workgroup.

Thank you,

Jillian Adair
